

KAISER vacuum pump

Low weight liquid ring pump for suction and pneumatic conveying of wet and dry material

- All pumps are made in aluminium
Low construction weight
- Minimal maintenance
Permanently lubricated bearings
- V-Belt, flexible coupling or hydraulic motor drive possible
- Environment-friendly
No oil in discharge-line
- Extremely quiet operation
- For all kind of suction applications
(also dry suction)
- Fewer fresh water needed
- More payload
- Constant temperature
- No overheating, no cavitation
